MSE

meet Professionals

25 - 27 SEPT 2012 / DARMSTADT, GERMANY

MSE 2012

MSE will build a forum on which the multilateral parties can meet to exchange ideas and to organise societal activities. Do not miss this excellent occasion to communicate with the interesting community to discover its directions, priorities and opportunities. The new MSE will create an atmosphere in which young talents get the opportunity to mix with professors and industry.

Sponsoring

DGM – Materials Science and Engineering 2012

Platinum (€ 13.000,-)

- 1) Free booth space of 24qm; power supply and drinks (water, coffee, soft drinks) included
- 2) Four (4) free tickets for the scientific program
- 3) One (1) full-page advertisement in the final program; free choice of placement on U2, U3, U4 (first come – first served; limited availability)¹
- 4) Prominent listing of sponsor's logo on congress web site and in final program
- 5) Inclusion of promotional material in the congress bag (one item)²

Gold (€ 11.000,-)

- 1) Free booth space of 18 qm; power supply and drinks (water, coffee) included
- 2) Three (3) free tickets for the scientific program
- 3) One (1) full-page advertisement in the final program; free choice of placement in the program (first come – first served; limited availability) also U2, U3, U4¹ if still available.
- 4) Prominent listing of sponsor's logo on congress web site and in final program
- 5) Inclusion of promotional material in the congress bag (one item)²

Silber (€ 9.000,-)

- 1) Free booth space of 12 qm; power supply and drinks (water, coffee) included
- 2) Two (2) free tickets for the scientific program
- 3) One (1) full-page advertisement in the final program (limited availability)
- 4) Prominent listing of sponsor's logo on congress web site and in final program
- 5) Inclusion of promotional material in the congress bag (one item)²

Bronze (€ 7.000,-)

- 1) Free booth space of 6 qm; power supply and drinks (water, coffee) included
- 2) One (1) free ticket for the scientific program
- 3) One (1) full-page advertisement in the final program (limited availability)
- 4) Prominent listing of sponsor's logo on congress web site and in final program
- 5) Inclusion of promotional material in the congress bag (one item)²

Young Researchers Career Workshop for postgraduate students on September 25th, 2012

For this year's Young Researchers Career Workshop once again 100 postgraduate students will gather, all of them with huge potential, about to finish their doctoral studies and looking forward to their future careers – in academics, industry or independent. This workshop will provide an overview over the various possibilities for young materials scientists and engineers and help them decide which kind of job suits their abilities. In addition, we want to offer a unique opportunity to become part of the materials science network and to establish and expand contacts for the participants.

Congress Mentoring (€ 3.500,-)

- The mentor gets three (3) free congress tickets for Ph.D. students and is therefore sponsoring the attendance fee for the congress and the Young Researchers Career Workshop
- The mentor gets two (2) free congress tickets for colleagues; we recommend that at least one of the free participants acts as a contact person for the Ph.D. students at the congress
- The sponsor will be mentioned at the opening ceremony
- Article (with photo) to be published in the final program, in the DGM newsletter and in "DGM-Aktuell" mentioning the sponsorship

Job Fair

On September 26th, 2012 in Darmstadt

Materials Science and Engineering 2012 organises a Job Fair for students, job starters and young professionals, creating the framework for future business relationships of employers and employees. Companies interested in finding the best young professionals for their teams are invited to take the chance to present themselves with a 20-minutes speech about their profile and career opportunities. For a deeper insight, workshops of several hours hosted by companies are also possible. Furthermore, we offer a special sponsorship for companies, providing a bus transfer for students from university to the congress location. This is a great opportunity to get in touch exclusively and at an early stage with degree holders of a university.

Job Fair Speech ⁶	€ 2.000,-
Job Fair Speech as sponsor ⁷	€ 900,-
Job Fair Workshop ⁶	€ 5.000,-
Job Fair Workshop as sponsor ⁷	€ 3.500,-

Job Fair Transfer (€ 3.500,-)⁵

- Company sponsors bus transfer for students and Ph.D. students from a German university to the MSE congress center on the event date
- The sponsor is allowed to put promotional material on display in the bus
- The sponsor is allowed to spread information about the company during the bus ride
- DGM will grant participation of students and Ph.D students of the „Materials Science“-headquarter universities (Erlangen, Karlsruhe, Stuttgart, Bremen, Darmstadt, Dresden, etc.)

Note: The Young Researchers ‚Job Fair‘ will only take place with a certain number of students participating in the event. If not enough students attend the event it will be cancelled. In this case, the money will be refunded.

All exhibitors have to sign the following exclusion of liability concerning all the commodities and goods on their booth:

- a) The organizer is not responsible for any damages, especially, but not only at the exhibition booth (booked or company-owned; booth furniture, objects of exhibition, personal property of the booth personnel). The organizer is not responsible for damages that are caused by a third person, provided the organizer does not act deliberately or due to gross negligence.
- b) The organizer is not responsible for any consequential damages.
- c) The exhibitor is obliged to defect liability for an adequate insurance of his responsibilities.
- d) The exhibitor is liable for all damages to persons and objects which occur within her/his area of responsibility.

¹ The organizer reserves the right to veto when there is a high number of advertisements with a certain request of placement. In this case, the organizer will try to find an equivalent solution.

² The organizer reserves the right to refuse supplements by reason of size, weight, consistence etc. In the run-up to the congress, a design matching process is recommended.

³ Additional booth furniture can be booked via DGM at an adequate price.

⁴ Limited availability; sponsors advertisements before single bookings

⁵ Limited availability; group size, place etc. in agreement with the organizer

⁶ Limited availability; sponsors before exhibitors, then first come – first served

⁷ Limited availability; first come – first served
